PROJECTS
Detroit Food Commons Brownfield Redevelopment Plan: Reimbursement Agreement
Mr. Vosburg presented the Detroit Food Commons Brownfield Redevelopment Plan: Reimbursement Agreement to the DBRA Board.

On June 23, 2021, the City of Detroit Brownfield Redevelopment Authority (the “DBRA”) Board of Directors adopted a resolution authorizing the transmittal of the Brownfield Plan for the Detroit Food Commons Redevelopment Project (the “Plan”) to Detroit City Council (“City Council”) with a recommendation for approval. The City Council public hearing for the Plan was held on July 8, 2021 and City Council approved the Plan on July 13, 2021.
Project Introduction
The Detroit Black Community Food Security Network is the project developer (the “Developer”) for the Plan. The project consists of the redevelopment of the property into a mixed-use commercial and retail development with on-site parking and site improvements. The new development will house the Detroit Food Commons, a 25,000 sq. ft, two-story, multi-use, community-owned store, selling healthy, locally sourced foods. The project contains 15,000 sq. ft of cooperatively owned grocery store and cafe space, 3,000 sq. ft of office space, 3,900 sf of banquet hall and community event space as well as 3,800 sq. ft. of incubator kitchen space. Detroit Food Commons is a model of community empowerment, serving as a proof-of-concept for wealth-building, local food security, and reinvestment in underserved Detroit communities.

The total hard costs are estimated to be $19.5 million. The Developer is requesting $1,193,587.00 in TIF reimbursement.

There will be approximately 83 temporary construction jobs and 45 permanent jobs are expected to be created by the project. Additional permanent jobs are expected to be created by the future commercial tenants.

Property Subject to the Plan
The eligible property (the “Property”) consists of ten (10) parcels bounded by East Euclid Street to the north, John R Street to the east, Melbourne Street to the south, and Woodward Avenue to the west in the North End neighborhood.

Basis of Eligibility
The Property is considered “eligible property” as defined by Act 381, Section 2 because (a) the Property was previously utilized for a commercial and or residential purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; (c) the Property is determined to be a “facility”, blighted as defined by Act 381, and/or adjacent and contiguous to property that is a “facility” and or blighted.

Eligible Activities and Projected Costs
The “eligible activities” that are intended to be carried out at the Property are considered “eligible activities” as defined by Sec 2 of Act 381, because they include department specific activities, due care activities, demolition, site preparation, infrastructure improvements, and preparation and implementation of a brownfield plan and Act 381 Work Plan. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt. The eligible activities are estimated to commence within 18 months of approval of the Plan and be completed within 3 years.

Tax Increment Financing (TIF) Capture
The Developer desires to be reimbursed for the costs of eligible activities. Tax increment revenue generated by the Property will be captured by the DBRA and used to reimburse the cost of the eligible activities completed on the Property after approval of this Plan pursuant to the terms of a Reimbursement Agreement with the DBRA.
